DYING REALLY MATTERS TO US ALL

Are you supporting or caring for someone who may be nearing the end of their life? or Are you feeling that you want to put everything in place so that when you do die things go as you want them too?

If so then this event on 26th June at Whitby Coliseum is just the right place for you to come and learn more.

Understanding and preparing for 'end of life' is a challenging and often uncomfortable time for many of us. Navigating some of the medical and legal systems, the myriad of support available and the unfamiliar language can often place ourselves, family and friends in turmoil.

To support all of us at this time, we have come together to help develop some understanding of what and who is out there to help.

PLEASE JOIN US - even a cuppa and 10 minutes could make the difference:

- **Dispel the myths**
- **Unravel the jargon**
- **Talk to the people who can support**
- **Help you start to think about a plan**

**Join us and a
number of partners
to help navigate a
way through**

**Join us at
